

**Leadership Skills for Early Career Researchers Workshop**  
**BES Annual Meeting, Liverpool 2016**

- *Owen would be very happy if you would hand this in at the end of the session. Owen will collate the information, and write it up for you, so all can share.*
- *Please don't include your name or any identifying information.*
- *If you want a copy of what you wrote, take a photo of the form with your phone.*

**Describe a time when you've been a leader.**

**Which one of the areas of leadership skills most interests you?**

*(Perhaps because they relate to the time when you were a leader you wrote about above.)*

**Why does this area interest you?**

**What will you do, and when by, in order to increase your competence in this skill area?**

*(The assumption here, that you would want to increase your competence in this skill area, is based on us all being able to improve in all areas, and that picking one we're interested in is a good idea.)*

**Who will you help with this learning, and how will you help them?**
